Dawn – I just wanted to let you know that I am working on this. This, along with the issue of amending the AOC, is still on my list.

Thanks, Sarah. As to the second bullet, would you be able to generate a Verification Report instead, which would include the Operable Unit and Activity Codes for each cost item in the Final Accounting?

Dawn

Dawn – Just wanted to let you know that I haven’t forgotten your request. We are assembling some documents which may respond to your first bullet point. On the second, I am not sure whether there is anything we can do short of assembling a cost package (which may still not include “time sheets” as such). Could you send me an example of what you are looking for?

Subject: FW: LPRSA Portion of the Diamond Alkali Superfund Site Section 122(h) Agreement

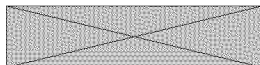

Sarah,

In follow-up to our call this week, the CPG requests the following information in connection with the final accounting for the 122(h) Settlement Agreement:

- Invoices and progress reports of the USACE's subcontractors; and
- EPA time sheets generated from the People Plus time reporting system.

Please let us know if you have any questions or would prefer we submit this as a FOIA request.

Thanks,
Dawn
